Suddenly, everyone realized no one had gotten a present for Kayla! Kayla just smiled and said the greatest gifts she could ever have were her friends. Soon, everyone went back home and only one guest was left.

One year, Kayla decided to have a Christmas party. She decorated the castle with pretty balloons and colorful streamers. Kayla even bought a new pink dress for the party!

Once upon a time in a far away land lived a beautiful princess named Kayla. She loved Christmas. Every year Kayla wished for snow on Christmas, but it never came.

Kayla walked her last guest to their carriage. Kayla thought today had been perfect. As Kayla walked back to her castle something cold and wet touched her nose.

On Christmas Eve, all of Kayla's friends came to the party. They laughed, played games, and had lots of fun. Just when everyone thought the party was over though, Kayla said she had a surprise.

Under the Christmas tree were presents for everyone! All of the guests opened their gifts and were very happy. Holding their gifts, everyone said thank you to Kayla.
